COMPUTER SCIENCE

I am a college student at Bina Nusantara University, currently working towards a degree in Computer Science Major. I want to apply my academic knowledge and technical skills to real-world challenges. I am also eager to gain practical experience through hands-on academic projects and independent learning. With this chance, I wish to connect more with creative minds from various backgrounds and am driven to achieve excellence in the working field.

SKILLS

Programming Languages : Basic knowledge of Python, Java, JavaScript, C, and frameworks such as ASP.NET Core. Familiar with markup language such as HTML and CSS.

Database Management : Basic understanding of SQL and database design principles.
Developing knowledge on problem solving concepts such as data structures and algorithms

Ese of adaptation throughout various problem sets.
Critical thinking.
Eager to collaborate with other.
Creative mindset.
